# Joshua Ian Cadiz

UI/UX Designer

Web Developer

## PROFESSIONAL SUMMARY

Creative and user-focused UX Designer with a passion for crafting seamless digital experiences. Proficient in user research, information architecture, and interaction design.

## WORK EXPERIENCES

### Web Development

- **Front-End Development:** Built responsive and dynamic web interfaces using HTML5, CSS3, and JavaScript (ES6+). Developed interactive elements and enhanced user experience through React and modern CSS frameworks like Bootstrap and Tailwind CSS.
- **Back-End Integration:** Worked with RESTful APIs and integrated third-party services, ensuring data was fetched and displayed dynamically across the application. Basic familiarity with Node.js and Express.js for back-end tasks.
- **Version Control:** Utilized Git for version control, working collaboratively with a team in an Agile environment. Created pull requests and participated in code reviews to maintain high code quality standards.
- **Responsive Design:** Developed mobile-first websites, ensuring optimal performance and user experience across various devices and screen sizes.

### UX/UI Designer

- Designed intuitive and visually appealing user interfaces for various client projects, ensuring consistency and usability across platforms.
- Worked closely with clients to understand their business goals and user requirements, translating them into effective design solutions.
